

COMPANY PROFILE

Founded in 1958, Kirloskar Pneumatic Company Limited (KPCL) is part of the Kirloskar group companies. As such, it espouses all the values that come with being part of a rich 130-year legacy in manufacturing and industrial innovation. With a product range that includes Air Compressors, Air Conditioning and Refrigeration Systems, Process Gas Systems, Vapour Absorption Systems and Industrial Gear Boxes. KPCL serves a variety of sectors like Oil, Gas, Steel, Cement, Food and Beverage, Railways, Defence and Marine.

With innovation at its core, KPCL has led the way in developing sophisticated and high-tech products that redefine the industries they're used in. Being on the cutting edge of the industry has led to us establishing long-standing relationships with leading global companies. We've worked hard to develop a reputation for delivering advanced products that meet our customer's needs and exceed their expectations. By focusing on continually evolving and developing our offerings, we keep raising our standards, subsequently the standards of the entire industry.

KPCL has three manufacturing locations in Maharashtra, India, with approx. 243 acres of land and 47,990 sq m of built up factory area.

With a vast network of sales & service outlets manned by well-trained, highly qualified and motivated engineers and marketers, KPCL aims to conquer the domestic market and be a meaningful global player in its core products.

KPCL PRODUCT PORTFOLIO:

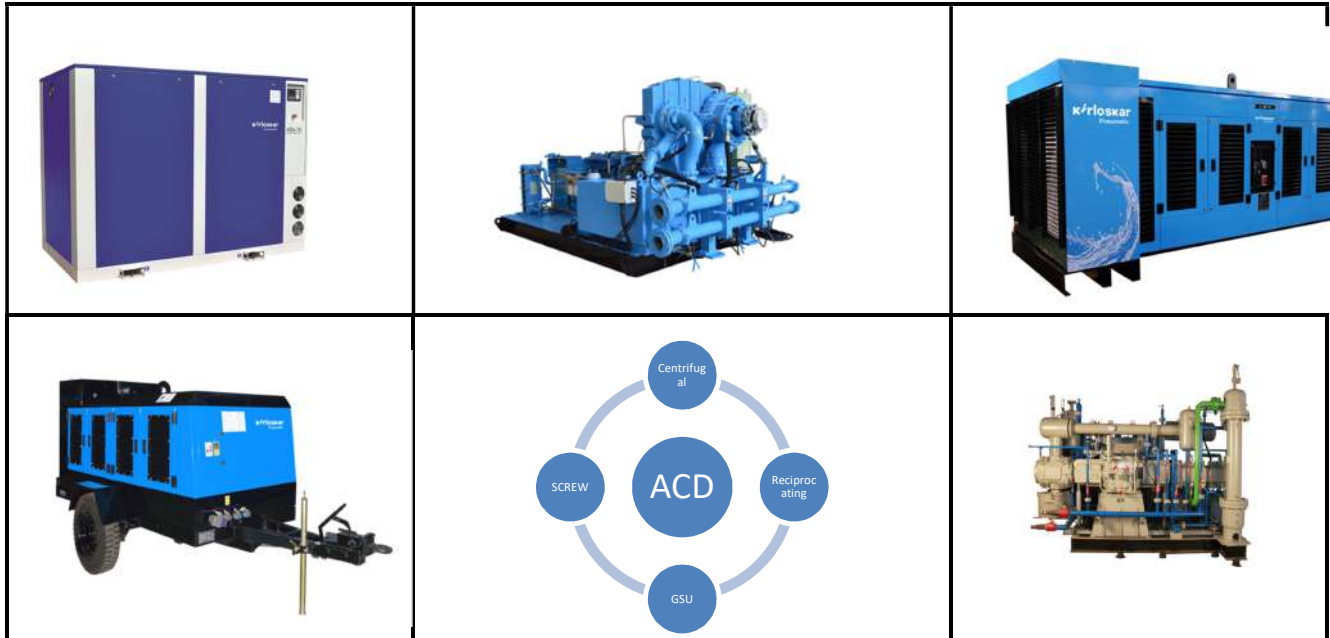

KPCL's core competencies are serviced by below major Divisions:

- Air Compressor Division (ACD).
 - Air & Gas Compressors – (Reciprocating / Screw / Centrifugal) Packages.
- Air-Conditioning Refrigeration Division (ACR).
 - Refrigeration Compressors (Recip / Screw), Packages, Solutions, Marine HVACR.
- Process Gas Division (PGS).
 - API Compliant Gas Compressor Packages.
- Transmission Division (TRM) and Road Railer Division (RR).
 - Gear Boxes – Wind turbine, Marine, Industrial, Railway, Gear and Components.
